Subject: First ever Quality Improvement and Research Drop In (QIRDI) session: Thursday the 19th of February. Join us please!
Date: Monday, 15 December 2025 1:08:00 PM

South Eastern Sydney
Local Health District

SESLHD Drug and Alcohol Quality Improvement and Research Drop-In (QIRDI)

Got a question, idea or insight from your clinical work? Drop in and chat with us!

We can help bring your ideas to life by supporting you through the process of research and quality improvement activities.

When?

Thursday 19th February, 1-2pm

Where?

**Level 2 Education Room - The Langton Centre
or Online via Teams**

Who?

All are welcome

Drug and Alcohol Quality Improvement and Research Drop-In (QIRDI) Session

Got a question, idea or insight from your clinical work? Drop in and chat with us!

The goal of the Langton's research team is the same as its clinicians: to help our clients.

We think the best way to achieve this goal is to conduct practical research that will lead to practical benefits for clients.

As clinicians you have insights into drug and alcohol treatment that researchers like us do not and cannot have.

You are the experts.

Most of you will have had times during your day when you've thought "We could do this better".

Most of you will have observed trends or patterns of behaviour or reactions to treatment among our clients.

There's a very good chance that some or all of the things you have noticed or wondered about have never been researched before.

We want to hear your insights and your ideas.

We are going to have a 1-hour drop-in session in the **Level-2 Education Room on the top floor the Langton Centre** on the **third Thursday of every month**. The first session will be **1-2pm Thursday the 19th of February**. You can drop in in person or attend online via teams.

We invite anyone with an idea or an observation to drop in and share it with us.

Any level of involvement or ambition is fine with us. If you want to just share your idea or insight that is fine with us. If you want to be more involved and have us help you turn your idea into a research question that can become a bona fide research study, that is fine with us. We can help guide you through the process.

Please don't be intimidated. We are very nice. We're not here to shoot you down. Your experience and your observations are precious and can really help our clients become a bit more happy, a bit more stable, a bit more empowered.

See you on the 19th!

The QIRDI team

(Laura, Greer, and Llew)
